Krakow, 20th – 26th September 2009

Probability Theory and Statistics

12th INTERNATIONAL WORKSHOP FOR YOUNG MATHEMATICIANS

INVITED SPEAKERS:

prof. dr hab. Ryszard Zieliński (Polish Academy of Sciences)
dr hab. Henryk Gacki (Silesian University)
dr Andrzej Dąbrowski (University of Wroclaw)

SCIENTIFIC COMMITTEE:

prof. dr hab. Armen Edigarian (Jagiellonian University)
prof. dr hab. Jerzy Ombach (Jagiellonian University)
dr hab. Antoni Leon Dawidowicz (Jagiellonian University)

During the Workshop the following issues will be raised:
- Law of large numbers and limit theorems
- Random elements and their distribution
- Time series, prediction and filtration
- Distribution parameter estimator
- Linear models of mathematical statistics
- Inference from incomplete data
- Stochastic differential equations and their application to finance
- Mathematical finance

Further information and registration form are available at:
http://kmsuj.im.uj.edu.pl/workshop/
All the participants are kindly asked to fill out the registration form before 15th June 2009.
